

Professional 114 Brake Protection

2-in-1 rust protection spray for brake systems. Protects brake callipers and brake discs against rust formation during prolonged idle periods. Leaves a protective layer to make your car look brand new.

Properties

- ✓ Protects against rust formation
- ✓ Improves appearance: makes brakes look like new
- ✓ Short flash-off time

Application area

- ✓ Apply to rusty brake discs
- ✓ Apply to rusty brake callipers

Instructions

Remove loose rust from brake callipers and brake discs using a suitable tool. Then spray on an even coating of rust protection for brakes.
