

## Contra Sept<sup>®</sup>

### 185 Air-Co

Special cleaner for plastic parts in air conditioning systems. Provides a pleasant, long-lasting fresh odour in the vehicle interior.

#### Properties

- ✓ Reliably eliminates unpleasant odours in car air conditioning systems
- ✓ Suitable for small children, people with allergies and
- ✓ asthmatics
- ✓ Environmentally safe and gentle
- ✓ Long-lasting, pleasant mint scent
- ✓ Intensive cleaning effect due to optimal wetting
- ✓ Material compatibility tested in collaboration with leading manufacturers of air conditioning systems

#### Application area

- ✓ Hygienic cleaning of the pollen filter housing and adjacent air ducts of air conditioning systems
- ✓ Prophylaxis against the possible development of odours
- ✓ With every replacement of the pollen filter

#### Instructions

Spray into the pollen filter housing and the adjacent air ducts when replacing the pollen filter. Optimised application due to spray probe. For details, refer to Service Information SI 185.
