

evoclean[®]

5140 Insect-Removal Gel

Highly concentrated protein remover with protein-splitting gel formula. For removing marks and stains left by insects quickly and powerfully from the entire vehicle. Does not attack paints, plastics or glass.

Properties

- ✓ Removes insect residues and various other types of contamination
- ✓ Gel now adheres even better and longer, even on vertical surfaces
- ✓ Quick, effective cleaning

Application area

- ✓ Painted and glass surfaces, plastics, bumpers, headlight glass etc.
- ✓ Also suitable for polycarbonate windows

Instructions

Apply across the entire surface with the spray bottle. Leave to soak in. Wipe off with a damp insect sponge. Rinse with high-pressure cleaner and clean water. Ideally applied before going through a car wash.

Notice

- ✓ Carry out preliminary tests for material compatibility on a hidden area.
- ✓ Protect from high temperatures and frost
- ✓ Shake well before use
- ✓ Do not use on hot surfaces or in direct sunlight
