2035 2-in-1 Primer

The 1-step primer is an adhesion agent and activator in one. Ideally suited for all TUNAP window adhesives for quick adhesion of windows into the bodywork.

Properties
✓ Universal bonding agent (primer) between glass/ceramic and paint and the window adhesive
✓ Long-life primer (no reactivation required for three months)
✓ Excellent UV protection for the window adhesive
✓ Protects small scratches in the paintwork against rust
✓ Activator for adhesive trimming (remaining bead) and PU/PVC pre-coated windows
✓ Can be used with all TUNAP window adhesives

Application area
✓ For pre-treatment of the adhesion surface of pre-coated windows (RIM) and painted surfaces

Instructions
Shake bottle well (min. 30 seconds). Apply 1-step primer thinly and evenly on clean adhesive surface with the applicator (approx. 0.05 mm wet film thickness). Allow at least 10 mins. to dry off.

Notice
✓ Use within a day of opening
