### 957 Engine Interior Cleaner

TÜV-approved, solvent-free cleaner based on a high-quality, low-viscosity oil with high-performance cleaning agents. The cleaner protects the new engine oil against contamination from used oil residues.

#### Properties

- ✓ Free of volatile organic compounds (VOCs) and solvents
- ✓ Contains low-viscosity detergents to deliver outstanding cleaning results
- ✓ Removes oil sludge deposits from the engine oil system
- ✓ Protects the engine from being damaged as a result of blocked oil channels and bore holes
- ✓ Contains additives to lubricate components during the cleaning process
- ✓ Does not contain any chlorine, phosphates, nitrates or heavy metals
- ✓ Can be disposed of with the used oil

#### Application area

- ✓ In case of oil sludge deposits
- ✓ In case of a loss of compression from the piston rings
- ✓ In the case of hydraulic valve lifters knocking
- ✓ When changing oil to ensure that the new engine oil is not contaminated by any residues of used oil

#### Instructions

Add cleaner to the engine oil prior to every oil change. Adhere to the minimum oil level. Allow the engine to run at idle speed for a maximum of 20 minutes with the vehicle at a standstill. Then change the oil and filter immediately afterwards.

#### Dosing

- 200 ml: Sufficient for up to 4 litres of engine oil.
- 400 ml: Sufficient for up to 6 litres of engine oil.
- 950 ml: Sufficient for up to 15 litres of engine oil.

#### Notice

- ✓ Caution! Risk of engine damage in higher dilutions.
