

Professional 115 Universal Cleaner

Cleaner for maintenance, repair and assembly work in the skilled trade sector. Removes and dissolves oily dirt, grease and silicone on brake discs, clutch parts, gearbox parts, cables, tool parts etc. Abrasive dust is bound and washed away.

Properties

- ✓ Removes oil, grease, resin and silicone
- ✓ Binds and washes away abrasive dust
- ✓ Dries off quickly
- ✓ High spray pressure for optimised cleaning effect even in difficult to access places

Application area

- ✓ For brake maintenance and repairs
- ✓ For clutch repairs
- ✓ For maintenance, repair and assembly in the case of extreme grease and resin deposits

Instructions

Spray the parts to be cleaned liberally.

Notice

- ✓ Do not spray on paint
- ✓ For sensitive parts e.g. plastic, check for material compatibility on a hidden area
