Your health is our top priority:

- ✓ All ingredients are independently tested by NSF*
- ✓ Free of allergenic dyes and fragrances
- ✓ Free of harmful solvents
- ✓ Free of n-hexane that can damage nerves
- ✓ Free of toxicologically relevant indicators
- ✓ *NSF International, The Public Health and Safety CompanyTM

Properties

- ✓ Prevents and eliminates creaking and squeaking noises
- ✓ Reduces friction and wear
- ✓ Protects against corrosion
- ✓ Excellent creeping properties
- ✓ Quickly penetrates rust and corrosion protection layers
- ✓ Protects electrical contacts
- ✓ Free of resin, acids and silicone

Application area

- ✓ Long-term protection for all moving parts

Instructions

Shake well before every use. With the 2 in 1 spray head spray precisely or on wide areas. Spray an even coating from a distance of approx. 20 cm and leave the product to dry off briefly. Spraying the product from a short distance enhances the creep effect.

Notice

- ✓ If the product is to be used in the food-processing industry, only the minimum quantity that is technically necessary may be used.
- ✓ If the product is to be used as an anti-corrosive film, it must be completely removed before the device in question is used again.
