Product Information

Professional
113 Brake Paste

Metal-free inspection and repair special lubricant for the entire brake, chassis and bodywork areas. Prevents contact corrosion. Long retention on the lubrication point thanks to good resistance to splash water and salt water.

Properties

- ✔ Clean application thanks to ergonomic brush
- ✔ Effective corrosion protection
- ✔ High pressure and temperature resistance from -40°C to +1250°C
- ✔ Immediate load-bearing capacity, as solvent-free
- ✔ Protects against fusing
- ✔ No dripping point
- ✔ Resistant to external influences such as water spray and salt water
- ✔

Application area

- ✔ For squeaking brakes, apply to the rear of the brake pad
- ✔ For the light alloy wheel rim to wheel hub connection point
- ✔ For repairs on disc and drum brakes
- ✔ As an assembly paste for screwed connections subject to high temperatures, e.g. on exhaust systems

Instructions

Apply special lubricant with the brush can onto the previously cleaned surfaces.

Notice

- ✔ Do not apply on brake lining friction surfaces and brake discs
- ✔ Do not use to lubricate brake pistons or seals
