

TUNAP Sports TS140 Brake cleaner

TUNAP SPORTS Brake Cleaner cleans brakes gently without leaving residues for optimal and safe brake performance. The brake cleaner's integrated spray tube makes it particularly easy to remove stubborn oil, grease residues and dirt.

TUNAP SPORTS quality promise:

- ✓ Free from neurotoxic n-hexane (ingredient in many standard cleaners).
- ✓ Tested fire risk and non-flammable propellant.
- ✓ It meets the requirements of the German Social Accident Insurance body regarding flammable cleaners.

Properties

- ✓ Removes oil and grease residues, brake dust and other contamination without leaving residue.
- ✓ Surfaces and rubber seals remain intact.
- ✓ With integrated spray tube for precise and economical application.
- ✓ Special, user-friendly formula without neurotoxic n-hexane.
- ✓ E-bike ready.

Application area

- ✓ The integrated spray tube enables precise application directly on brake discs and brake blocks to remove oil, grease, brake fluid, brake residue and tar.

Instructions

1. Spray the brake cleaner on the parts to be cleaned (brake discs, brake pads).
2. Leave the cleaner to take effect briefly (approx. 10 seconds).
3. Wipe off the dissolved dirt with a brush and/or cloth and wipe all parts dry.

Dosing

For large containers, use the brake cleaner with the TUNJET system or decant into a suitable container, such as a pressure pump sprayer.
