

Human+Technology® 904 Interior Comfort

A new type of silicon free concentrate for surfaces and seat belt maintenance. Delays build up of dirt and dust. Has a highly active lubrication effect in the area of window guides, door rubbers as well as safety belts. Prevents squeaking and creaking noise in the plastics area.

TUNAP Human Technology®:

- ✓ Certified by NSF*
- ✓ Free of allergenic dyes and fragrances
- ✓ Free of solvents
- ✓ Free of n-hexane that can damage nerves
- ✓ Free of toxicologically relevant indicators
- ✓ *NSF International, The Public Health and Safety Company™

Properties

- ✓ Prevents squeaking and creaking noises in plastics
- ✓ Compatible with all common plastics
- ✓ Powerful friction reduction due to grease-free anti-slip protection
- ✓ Silicone-free
- ✓ Highly lubricating for window guides, door seals and seat belts

Application area

- ✓ Sluggish safety belts
- ✓ Stiff seat belts
- ✓ Eliminates noises, particularly in the vehicle interior
- ✓ Stiff window guides
- ✓ Care and cleaning of rubber and plastic parts
- ✓ Drastically reduces harm to health thanks to the use of Human Technology®

Instructions

Refer to the product information before use. Shake well before use. Spray parts to be maintained.

Notice

- ✓ If the product is to be used in the food-processing industry, only the minimum quantity that is technically necessary may be used.
- ✓ If the product is to be used as an anti-corrosive film, it must be completely removed before the device in question is used again.
