

airco well®

996 Hygienic Cleaner for Pollen Filter Box

The airco well® Pollen Filter Box Hygienic Cleaner is free of allergenic fragrances and dyes and ensures optimal cleaning of the pollen filter box during the annual pollen filter replacement. VDI/ZDK Guideline 6032 recommends annual cleaning of the vehicle A/C system (evaporator and pollen filter box).

Properties

- ✓ airco well® 996 Hygienic Cleaner for cleaning the pollen filter box and removing contaminants, harmful bacteria, pollen, invisible germs and fungi
- ✓ Verified conformity with all treated A/C system surfaces
- ✓ Meets the requirements for cleaning pollen filter housings in accordance with VDI/ZDK Guideline 6032

Benefits

- ✓ airco well® prevents immediate contamination of the new pollen filter during the annual replacement
- ✓ ECARF-certified - allergy-friendly without disinfectants, fragrances or dyes

Application area

- ✓ For cleaning the pollen filter box every time the pollen filter is changed in accordance with VDI/ZDK Guideline 6032

Instructions

Before installing a new pollen filter, spray the pollen filter box with airco well® 996 and wipe with a lint-free cloth.

For cleaning in accordance with VDI/ZDK Guideline 6032, chemical-mechanical cleaning of the evaporator with airco well® 994 is necessary.

Notice

- ✓ Read SI 996 before use
- ✓ Scientifically proven to be effective by gui-lab in accordance with VDI/ZDK Guideline 6032 - only in conjunction with cleaning of the A/C system evaporator using airco well® 994
