

## TUNAP Sports TS530 Chamois Cream

The TUNAP SPORTS Chamois Cream is easy to apply, absorbs quickly and forms a long-lasting protective film to protect the skin in the affected areas. The special caring formula of the chamois cream prevents the skin from drying out and the spray head makes dispensing easy and hygienic.

### TUNAP SPORTS quality promise:

- ✓ Dermatologically tested effective protection and care without silicone.
- ✓ With anti-inflammatory effect and prevents the development of pressure points and chafing.

### Properties

- ✓ With practical spray head for easy and hygienic dispensing.
- ✓ Develops a long-lasting protective film and absorbs quickly.
- ✓ Moisturises and prevents the skin from drying out.

### Application area

- ✓ Protects the seat area to prevent the development of pressure points and chafing and stop inflammation.

### Instructions

1. Shake the can vigorously.
2. Spray the chamois cream into your hand and distribute over the seat area (alternatively, spray the chamois cream directly on the padding in your cycling shorts).
3. Put on your cycling shorts and allow the chamois cream to absorb into the skin well.
