

TUNAP Sports TS230 Multifunctional oil

TUNAP SPORTS Multifunction Oil is a 5-in-1 solution: cleaner, corrosion protection, rust remover, lubricant and contact spray. It does not attack frame surfaces, seals, plastics or rubber and makes a handy addition to your backpack on multi-day rides.

TUNAP SPORTS quality promise:

- ✓ Functional additives penetrate in the tightest of spaces.
- ✓ Prevents leakage current by keeping water out of electronic parts - not just on bicycles.
- ✓ Free from silicone or solid lubricants such as PTFE or graphite.

Properties

- ✓ The 5-in-1 solution: cleaner, corrosion protection, rust remover, lubricant and contact spray.
- ✓ Removes light surface rust without attacking frame surfaces, seals, plastics or rubber and drives out moisture.
- ✓ High-yield and low-viscosity lubricating film.
- ✓ E-bike ready.

Application area

- ✓ For maintenance of all moving bicycle components to remove light surface rust or to lubricate bearings or damper joints after every repair, service or when washing the bicycle.

Instructions

1. Thoroughly clean the affected parts.
2. Spray the required components with multifunction oil and leave to take effect briefly.
3. Depending on the application, remove rust and dirt using a cloth or brush.
4. Wipe off excess oil with a cloth.

Notice

- ✓ The perfect all-in-one helper for bicycle and chain care on your next bike ride.
