

## TUNAP Sports **TS260 Chain oil Ultimate**

The test winner! More than 1 year of development work in the laboratory and extensive tests with BORA-hansgrohe, the German national railway team, as well as the FES and our partners Ghost, Rotwild and Focus! The result: We have developed an oil that is unbeatable in terms of power loss, while at the same time saving measurable and confirmed time.

### TUNAP SPORTS quality promise:

- ✓ No allergenic fragrances.
- ✓ No n-hexane or aromatics.
- ✓ Without damaging solvents.
- ✓ As environmentally friendly as possible.
- ✓ As safe for humans as possible.
- ✓ No microplastics

### Properties

- ✓ Special additives prevent corrosion.
- ✓ Best possible wear protection.
- ✓ High creepage and adhesion.
- ✓ The noise of the chain is significantly reduced.
- ✓ Very economical.
- ✓ Precise application.
- ✓ E-bike ready.

### Application area

- ✓ The chain oil is designed for lubricating the chain, the cassette and/or the rear derailleur.
- ✓ After repairing, maintaining or cleaning the bicycle.

### Instructions

1. Thoroughly clean the chain using the drive cleaner to remove any residual oil and dry with a cloth.
2. Shake the chain oil briefly and place the needle dropper on the chain.
3. Press the bottle lightly and, by turning the pedals backwards, wet each chain link with a drop until the chain has performed a complete rotation.
4. Allow the chain oil to work (preferably overnight).
5. Before the next trip, wipe the chain with a cloth and remove any excess oil.

### Notice

- ✓ Professional tip: For optimal long-term chain maintenance: First, lubricate the chain using TUNAP SPORTS chain oil, then use chain wax to seal.
