Product Information

TUNAP Sports
TS260 Chain oil Ultimate

TUNAP SPORTS Ultimate Chain Oil has a unique formula with OMC_2 technology for outstanding, long-lasting lubricating properties. The chain oil can be applied economically and precisely using the dropper or brush.

TUNAP SPORTS quality promise:

- ✔ State-of-the-art OMC_2 additive technology for maximum ease of movement in the drivetrain, which can reduce the friction coefficient by 30 %. Specifically, this can mean a time advantage of 1:46 minutes during a 250 km bicycle race.
- ✔ High yield due to precise application with a dropper.
- ✔ High level of protection against wear and corrosion.

Properties

- ✔ Good adhesion and minimal loss through flinging provide a long-lasting lubricating film over long distances.
- ✔ For optimal wear protection with high creep and adhesion effects.
- ✔ The dropper bottle can be easily refilled from the 1 litre workshop container.
- ✔ E-bike ready.

Application area

- ✔ For lubricating the chain, cassette and rear derailleur after repairing, maintaining or cleaning the bicycle.

Instructions

1. Thoroughly clean the chain using drive cleaner to remove any residual oil, then dry with a cloth.
2. Briefly shake the chain oil and place the dropper or the brush against the chain.
3. Lightly squeeze the bottle and the spray head and dispense one drop on each chain link by turning the crank backwards until the chain has been completely run through.
4. Leave the chain oil to take effect for 10-15 minutes (preferably overnight).
5. Before your next ride, wipe the chain with a cloth to remove the excess oil.

Notice

- ✔ Professional tip - For perfect long-term chain care, first lubricate with TUNAP SPORTS Chain Oil and then seal with Chain Wax.

Product Description	Contents	Article Number	Packaging Unit
Chain oil Ultimate	50 ml	1107078	24 PCS

Additional accessory	Article Number	Packaging Unit
Drive cleaner, 300 ml	1106179	12 PCS
