

TUNAP Sports **TS120 Drive cleaner**

TUNAP SPORTS Drive Cleaner removes stubborn oil contamination and dirt from the drivetrain and maintains basic lubrication of the components. It ensures optimal running of the drivetrain.

TUNAP SPORTS quality promise:

- ✓ The combination of chain cleaner and cleaning brush facilitates application and protects against oil-smeared hands.

Properties

- ✓ Removes stubborn oil contamination and dirt from the drivetrain quickly and easily and maintains basic lubrication of the components.
- ✓ The brush attachment and capillary action helps the drive cleaner to penetrate in even the tightest of spaces.
- ✓ E-bike ready.

Application area

- ✓ For cleaning the chain, cassette and rear derailleur. Dissolves and removes oil contamination and oily encrusted dirt without attacking the surfaces or paint.

Instructions

1. Apply the cleaner to the components to be cleaned (with a brush or cloth)
2. Leave the cleaner to take effect for 1 minute for maximum cleaning power. Repeat for stubborn dirt.
3. Remove the dissolved dirt with a soft cloth.

Dosing

For large containers, use the drive cleaner with the TUNJET system or decant into a suitable container (e.g. a small tray) and use a brush.
