Product Information

Human+Technology®
904 Care and Lubricating Spray+

Silicone-free care spray for protecting and treating plastic and sealing materials. Prevents creaking noises and creates a sliding micro-film, e.g. for window guides, door seals and plastics. Can also be used as a release agent in the plastic injection moulding industry.

NSF
Nonfood Compounds H1

n-hexane free

Human+Technology®

- ✔ High level of industrial safety and user protection since it is free from neurotoxic n-hexane, potentially allergenic fragrances and dyes, and harmful solvents
- ✔ No indicators of toxicological effects
- ✔ NSF H1 registered
- ✔ ISO 21469, Kosher and Halal certified
- ✔ Formula free from silicone oil, PFAS and microplastics
- ✔ Better for people and the environment due to the use of fewer potentially harmful ingredients

Properties

- ✔ Transparent lubricating, release and care oil prevents squeaking and creaking noises in plastics
- ✔ Good compatibility with conventional plastics and elastomers
- ✔ Significantly reduces friction due to grease-free sliding protection
- ✔ Formula is free from silicone
- ✔ Highly lubricating effect, e.g. in the area of window guides, seat belts, door seals and other plastics
- ✔ Wide temperature range from -25 °C to +140 °C

Application area

- ✔ For stiff seat belts and window guides
- ✔ For preventing unwanted noise, especially in vehicle interiors
- ✔ For the care and cleaning of rubber and plastic parts
- ✔ Mould release agent in the industrial production of plastic parts

Instructions

Refer to the product information before use. Shake the can well before use and spray evenly onto the surfaces to be treated from a distance of approx. 20 cm.

Notice

- ✔ When using the product in the food processing industry, only the minimum quantity technically required should be used. When using the product as a corrosion protection film, it must be completely removed before the appliance is restarted.
