

## Human+Technology® 915 Cleaner+

Cleaner for maintenance, repair and assembly work for the effective removal of dust, encrusted dirt, oil, grease, resin and corrosion protection layers.

### Human+Technology®

- ✓ High level of industrial safety and user protection since it is free from neurotoxic n-hexane, potentially allergenic fragrances and dyes, and harmful solvents
- ✓ No indicators of toxicological effects
- ✓ NSF K1 registered
- ✓ ISO 21469, Kosher and Halal certified
- ✓ Formula free from silicone oil, PFAS and microplastics
- ✓ Better for people and the environment due to the use of fewer potentially harmful ingredients

### Properties

- ✓ Excellent cleaning performance in A1 quality at the lowest hazard level according to TRGS 600 (German Technical Rules for Hazardous Substances)
- ✓ Minimal potential risk - recommended product according to the German Ordinance on Hazardous Substances (protection level 2)
- ✓ Spray jet, not spray mist
- ✓ Lower explosive limit of >1.5 % by volume and reduced risk of fire and its consequences
- ✓ High electrical quiescent conductivity of >1,000 pS/m
- ✓ Reduced flash-off time with an evaporation rate of 4.5

### Application area

- ✓ For maintenance, repair and assembly of components subject to oily and greasy residues and resin deposits
- ✓ For cleaning paint-like deposits
- ✓ For maintenance and repair of brakes and clutches

### Instructions

Refer to the product information before use. Evenly spray the surfaces to be cleaned from a distance of approx. 20 cm. If necessary, use a brush, cloth or similar tool to mechanically apply the product to the surface and allow to dry.

### Notice

- ✓ When using the product in the food processing industry, the treated surface must be cleaned with drinking water after the product has been applied. Do not apply to painted surfaces. For plastics, check compatibility on an inconspicuous area before use.

Nonfood Compounds
