

## TUNAP

# 1351 VVD Adapter

Tool for direct cleaning of carburettors, petrol and diesel fuel injection systems.

### Properties

- ✓ In conjunction with the cleaner CL 682, reliably removes deposits and contamination in carburettors, petrol and diesel fuel injection systems.

### Application area

- ✓ For cleaning evaporators
- ✓ For cleaning petrol and diesel fuel injection systems without a pre-feed pump in the fuel tank
- ✓ For malfunctions, e.g. noisy idling
- ✓ In case of increased fuel consumption or reduced engine performance due to contamination in the fuel system
- ✓ In case of insufficient fuel quality

### Instructions

Refer to SI 1351.
