

## 13514 Foam motor flange (3x)

Foam flange for sealing the intake channel during valve cleaning with TUNAP 933 Valve Clean Granulate. Guide holes in the foam make it easy to attach a jet pipe and a conical vacuum cleaner adapter.

### Properties

- ✓ Black foam
- ✓ Two guide holes for the conical vacuum cleaner adapter and jet pipe
- ✓ Very good sealing

### Application area

- ✓ Professional valve cleaning

### Instructions

Refer to Service Information SI 933.
