

Human Technology®

1829 Pressure Pump Sprayer for 915 Cleaner

High-quality pressure pump sprayer for effortless spraying even of larger amounts of liquid.

Properties

- ✓ Fill capacity: 0.9 l max.
- ✓ Working pressure: 3 bar/safety valve
- ✓ High-quality KPX seal

Application area

- ✓ Cleaning

Instructions

Pressure build-up in fluid container by pumping. Thumb pressure on the spray button is sufficient for even, constant output. Output fineness can be regulated by turning the nozzle nut.

Notice

- ✓ Do not finely atomise for processing of the cleaner MP 915. Use only with spray jet.
